ocations may be approximate. The address, hours of operation, and costs ssociated with each location should be learned prior to arriving.

This map and accompanying information is intended solely to assist bicyclists with selecting bikeable destinations in the WMPO region. In providing this information, the WMPO and its member jurisdictions do not assume liability for bicyclists who choose to travel upon any of the trails or roads shown on this map, nor do they guarantee the stability, condition or fitness of any of the listed trails or roads for bicycling. Many of the routes identified on this map cross and/or run on public roads that are exposed to daily wear and tear and degradation due to weather, motorized traffic, and other environmental factors. As is true of any street, routes may contain pavement imperfections. It is the responsibility of the individual to remain alert at all times as to the conditions of the road, pedestrians, and other traffic on the road, and the inherent potential for conflict in any shared-use space. Route users should always ride with care for their own safety as well as the safety of all other users of the road or right-of-way. Bicyclists should plan their route before they ride. Destinations may not have bicycle parking. All bicyclists must use good judgment regarding their skill levels to determine the routes most appropriate for them. In North Carolina, persons 15 and under are required by law to wear a helmet but all cyclists should wear a helmet and use bicycling etiquette. Bicycling while intoxicated is illegal and may result in a DWI penalty. Laws for riding bicycles on the sidewalk may vary by WMPO member jurisdiction
